Acknowledgements:

Professor KAMBUROV Dimitar and Professor ROSA Michele Attilio would like to express their thanks to the Rector of the Medical University of Plovdiv Professor KOSTYANEV Stefan

The Co-ordinators Prof. STAVREV Vladimir and Prof. SIVKOV Stefan, whose ideas have been fundamental for the realization of this course, are warmly thanked. And it is a pleasure to stress again the importance of Prof. SIVKOV's work; being the Chief of the Department of Anatomy and Histology, Medical University, Plovdiv, he meticulously prepared the Anatomic "workstations" and we can underline that without him this Course would not have been performed.

We acknowledge the support provided by all the Faculty Staff who did more than was due.

Many thanks go also to the President of SIOT Prof. CHERUBINO Paolo and to the President of BOTA Prof. IOTOV Andrei for their invaluable suggestions.

To Doct. BALTOV Marin, Head of Forensic Medicine at University of Plovdiv goes our appreciation for his cooperation.

To the Scientific Secretary of the "Black Sea Medical Academy" Dr. FENGA Domenico for his incomparable work and to Mr. OLIVA Letterio for his technical support and administrative work go many appreciations.

Under the patronage of:
