

Program

November 24, Tuesday (Moscow time)

09:00-09:30 Opening of the Conference.

120 Anniversary of the ENT Department with the clinic of the Pavlov State Medical University - Prof. Sergei Karpischenko (St. Petersburg)

Moderator: Prof. Sergei Karpischenko

09:30-10:00/17:00-17:30 Tonsillectomy vs tonsillotomy: what is the evidence? — Prof. Simon Carney (Adelaide)

10:00-10:30/15:00-15:30 Management of Major Vascular Complication in ESS and ESBS — Dr. Jin Keat Siow (Singapore)

10:30-11:00 Frontitis' surgical treatment — Prof. Sergei Karpischenko (St. Petersburg)

11:00-11:10 Discussion

11:10-11:15 Break

Moderators: Prof. Michael Ulupov, Natalia Shumilova

11:15-11:45 Chronic rhinosinusitis with and without polyps — Prof. Gennady Piskunov (Moscow)

11:45-12:15/16:45-17:15 Structure Rhinoplasty: Lessons Learned in 15 years — Dr. Tony chiu (Taiwan)

12:15-12:45 Options for preserving the back during rhinoplasty — Prof. Yuri Rusetsky (Moscow)

12:45-13:05 Effective antibacterial therapy inside and outside the cell - checkmate in the treatment of tonsillopharyngitis — Prof. Marina Ryabova (St. Petersburg)

13:05-13:20 Differential diagnosis and treatment of rhinitis — Prof. Sergei Ryazantsev (St. Petersburg)

13:20-13:30 Discussion

13:30-13:35 Break

Moderators: Prof. Olga Vereshchagina Olga Stancheva

13:35 -14:05 Traumatic Optic nerve management — Prof. Metin Onerci (Ankara)

14:05-14:35 Features of the endoscopic endonasal dacryocystorhinostomy — Prof. Vladimir Krasnozhen (Kazan)

14:35-15:05/12:35-13:05 Why otolaryngologists should know the anatomy of the orbit — Prof. Wolf Mann (Mainz)

15:05-15:25 Tactics of treatment of colds from the position of a laryngologist – Prof. Sergei Ryazantsev (St. Petersburg)

15:25-15:40 Complex topical pharmacotherapy of acute pathology of the pharynx and larynx in children – Prof. Natalia Eremina (St. Petersburg)

15:40-15:50 Discussion

15:50-16:00 Break

Moderator: Prof. Sergei Karpischenko

16:00-16:30/07:00-07:30 The Pathogenesis of CRS: Current Implications for Treatment – Prof. Dr. Robert Kern (Chicago)

16:30-17:00/08:30-09:00 Inspire Hypoglossal Nerve implant stimulator for treatment of CPAP failed severe OSA. Surgical approach and indicators for success – Prof. Mark Shikowitz (New York)

17:00-17:30/09:00-09:30 Surgery for Nasal Cavity and Paranasal Sinus Cancers: Role of Endoscopic and Open Resection – Prof. Jean Anderson Eloy (New Jersey)

17:30-18:00/16:30-17:00 The challenge of preventing and treating obstructive sleep apnea in an epidemic setting – Prof. Mario Milkov (Varna)

18:00-18:30 Possibilities of endoscopic rhinosurgery of the paranasal sinuses and the base of the skull – Prof. Marina Nersisyan (Moscow)

18:30-18:40 Discussion

November 25, Wednesday (Moscow time)

Moderators: Prof. Olga Vereshchagina, Prof. Gleb Portnov

09:00-09:30/07:00-07:30 Acute rhinosinusitis in EPOS 2020 and updated national clinical guidelines – Prof. Andrey Lopatin (Moscow)

09:30-10:00/ Smell and taste disorders after viral infections: Treatment and smell-training – Prof. Bert Schmelzer (Antwerp)

10:00-10:30/09:00-09:30 Office Based Laryngology in Helsinki, Finland – Dr. Teemu Kinnari (Helsinki)

10:30-11:00/11:00-11:30 Septorhinoplasty: Minimal Invasive Endonasal Technique – Dr. Alireza Mehabbi (Shiraz)

11:00-11:15 New approaches to the treatment of acute tonsillopharyngitis – Prof. Sergei Ryazantsev (St. Petersburg)

11:15- 11:30 A new approach to planning rhinosurgical interventions and evaluating their functional results – Prof. Marina Budkovaya (St. Petersburg)
 Anniversary of the Foundation of ENT Department of First Pavlov State Medical University of St. Petersburg, 1915-2015
 11:30-11:40 Discussion

Jubilee International Scientific Conference

24-25 november 2020

11:40-11:45 Break

Moderators: Prof. Olga Kolesnikova, Prof. Elizabeth Boloneva

11:45-12:15/09:45-10:15 Hybrid rhinoplasty. Thinking beyond the old paradigms – Prof. Pietro Palma (Milan)

12:15-12:45/11:15-11:45 Update on Upper Airway Cough Syndrome – Prof. Dilyana Vicheva (Plovdiv)

12:45-13:15 The aesthetic aspects of surgery of the nasal septum – Prof. Irina Vasilenko (Moscow)

13:15-13:45/11:15-11:45 The role of FESS in Silent Sinus Syndrome – Dr. Adnan Lidian (Uppsala)

13:45-14:00 Etiology, pathogenesis, clinic and treatment of acute tonsillopharyngitis – Prof. Sergei Ryazantsev (St. Petersburg)

14:00-14:30 Approaches to the treatment of rhinosinusitis during viral infections – Prof. Sergei Naumov (St. Petersburg)

14:30-14:40 Discussion

14:40-14:45 Break

Moderators: Prof. Anna Zubareva, Prof. Olga Sopko

14:45-15:05 Place of topical forms of fluoroquinolone containing drugs in the practice of ENT specialists – speaker TBA.

15:05-15:35 Objective support of cochlear implantation stages: from neural response telemetry to auditory cortex potentials – Prof. George Tavartkiladze (Moscow)

15:35 16:05 Choosing surgical access to the jugular foramen – Prof. Oleg Borisenko (Kiev)

16:05-16:35 Rare pathology of the temporal bone. Surgical treatment tactics – Hasan Diab (Moscow)

16:35-17:05/14:35-15:05 Necessity is mother of inventions-clinic partnership program in Kyrgyzstan – Dr. Dr. h.c. Monika Lehnhardt (Germany)

17:05-17:20 TBA – Prof. Sergei Ryazantsev (St. Petersburg)

17:20-17:35 Acute rinosinusit. Possibilities of medical treatment – Prof. Marina Ryabova (St. Petersburg)

17:35-17:45 Discussion

17:45-17:50 Break

120

Moderators: Prof. Marina Ryabova, Prof. Michael Ulupov

Anniversary of the Foundation
of ENT Department of First
Pavlov State Medical University
of St. Petersburg, Russia

17:50-18:20 14:50-15:20 COVID 19 and it's impact on smell and taste - an evolution of the evidence base –

Prof. Claire Hopkins (London)
Jubilee International Scientific Conference

24-25 NOVEMBER 2020

18:20-18:50 Quality of life in dysphonia – Prof. Victoria Shilenkova (Yaroslavl)

18:50-19:20 Laser surgery of the larynx at the ENT Department of the Pavlov State Medical University –
Prof. Marina Ryabova (St Petersburg)

19:20-19:30 Discussion

19:30-19:35 Closing of the Conference. Prof. Sergei Karpischenko
