

ORDINANCE

No P-119/27.01.2022

Pursuant to Decision of the Rector's Council – Protocol No 1/18.01.2022, Decision of the Academic Council – Protocol No 1/26.01.2022 and Ordinance of the Minister of Health No РД-01-19/14.01.2022, amended by Ordinance No РД-01-26/17.01.2022, I hereby

O R D E R :

1. Continuance of the strict application of the anti-epidemic measures for prevention of the risk of spreading of COVID-19 on the territory of the Medical University of Plovdiv: use of face masks indoors, hand hygiene, maintaining of physical distance, disinfection, and ventilation of the premises every hour. The deans of faculties and the directors of the Medical College and the Department of Foreign Languages and Specialized Training should issue ordinances /with a copy sent to the Vice-Rector of Educational Activities/ for the organization of control over the observance of the anti-epidemic measures **not later than 01.02.2022**.

2. In connection with the complicated epidemic situation in the country, **the training at the Medical University of Plovdiv for the summer semester of the academic year 2021/2022 should be held in an electronic environment**, and the practical training – in a hybrid version, as follows:

a/ specialty **Medicine** – alternating face-to-face practicals with classes in an electronic environment every two weeks for students from the Bulgarian and English taught courses;

b/ specialty **Dental Medicine** – seminar classes in an electronic environment, clinical training – in person. During the classes in the departments of the Faculty of Medicine, Faculty of Pharmacy, Faculty of Public Health and the Department of Foreign Languages and Specialized Training, the students from the Faculty of Dental Medicine should comply with the algorithm approved by the respective faculties;

c/ specialty **Pharmacy** – face-to-face practicals and classes in electronic environment in the Department of Anatomy, Histology and Embryology;

d/ **Faculty of Public Health** – the specialties **Nurse, Midwife and Medical Assistant** – face-to-face classes and clinical training;

- in the departments of Health Care Management, Social Medicine and Public Health, Health Management and Health Economics and Medical Informatics, Biostatistics and E-Learning, as well as in the section Emergency Medicine – practicals in an electronic environment;

- in the Department of Hygiene – 60% of the practicals in an electronic environment and 40% of the exercises – in person;

- in the section Epidemiology, the practicals in February – in an electronic environment, from March – in hybrid-like version, with alternation for students taught in Bulgarian and English;

e/ the specialties in the **Medical College** – face-to-face classes in all disciplines as well as clinical and practical training;

f/ **Department of Foreign Languages and Specialized Training** – all classes in an electronic environment;

g/ training of interns, PhD students and postgraduates – entirely in person; face-to-face state examinations and specialty examinations in compliance with the anti-epidemic measures.

3. The heads of structural units to prepare lists of the departments for the implementation of the classes in an electronic environment **not later than 01.02.2022** and bring them to the knowledge of students.

Responsible persons: Deans of faculties
Directors of the Medical College and the Department of Foreign
Languages and Specialized Training

4. Mandatory condition for access of students and teachers to face-to-face classes is the provision of valid:

- European Vaccination Certificate; or
- Antibody Certificate (150 BAU/ml or more, valid for 90 days); or
- Certificate of Illness (valid for up to 1 year); or
- Negative PCR test performed within 72 hours; or
- Rapid Antigen Test performed 48 hours before the exercise.

5. Students and lecturers to be informed about the specific schedules and programs, the place of face-to-face exercises /medical institution, academic building, building, practice with address/ and name of assistant or lecturer.

The schedules with the distribution of the groups to be published on the website of the Medical University of Plovdiv by the departments and to be presented in each

department/section with a copy to the Vice-Rector for Educational Activities **not later than 01.02.2022.**

Responsible persons: Deans of faculties
Directors of the Medical College and the Department of Foreign
Languages and Specialized Training

This Order should be brought to the attention of the Vice-Rectors, deans of faculties and directors of the Medical College and the Department of Foreign Language and Specialized Training, the Assistant Rector, the heads of the departments at the Medical University of Plovdiv and the Chairman of the Student Council for Information and Implementation, and should be published on the website and facebook of the University.

I assign the control over the implementation of the Ordinance to the Vice-Rector of Educational Activities.

Professor Marianna Murdjeva, MD* PhD, MFM*
Rector
