

ORDINANCE
№ 320/04.03.2022

On the grounds of a Decision of the Rector's Council – Protocol № 3/01.03.2022

I ORDER:

1. To be restored at Medical University – Plovdiv practicals in the clinical disciplines and the clinical practice in special subjects in person, as of 07.03.2022.
2. In the clinical departments acting as COVID-19 structures /Department of Infectious Diseases, Parasitology and Tropical Medicine“ and Section ”Pneumology and Phthisiology” at the First Department of Internal Medicine to be provided in person training in coordination with the Dean of Medical faculty using the possibilities of other clinical units.
3. Training at the Department of Foreign Languages and Specialized Training to continue in person, on rotation basis with alteration of classes in section “Foreign languages” and section “Bulgarian language”, as of 07.03.2022.
4. In person classes should be held in compliance with anti-epidemic measures.

This order should be brought to the attention to the Vice-Rector of Educational Activities, Deans of faculties, Directors of Medical College and Department of Foreign Languages and Specialized Training, Deputy Rector, Heads of Departments and administrative sections for information and implementation.

Deans of Faculties and Directors of the Medical College and Department of Foreign Languages and Specialized Training to acquaint the heads of departments, sections and specialties with the content of this ordinance, and the latter to inform the academic staff and other employees of the university.

I assign control over the implementation of this ordinance to the Vice-rector of Educational Activities and the Deputy-Rector of the Medical University – Plovdiv.

Prof. Marianna Murdjeva, MD, PhD, HMM
Rector
