

ANNOUNCEMENT

In implementation of Second Stage of the National Program "Young scientists and postdoctoral students – 2", Medical University - Plovdiv and the Faculty of Public Health announce a selection procedure for young scientists and postdoctoral students.

- The applicants under the **young scientists** program must meet the definition of "young scientist" for the entire period of the Program, i.e. to have acquired Master's degree after 1 January 2014;
- The applicants under the **postdoctoral students** program must meet the definition of "postdoctoral student" for the entire period of the Program, i.e. to have acquired Doctoral degree after 1 January 2019.

Description of the program, a list of the required application documents and the criteria for evaluating the candidates are published on the website of MU-Plovdiv in the section *Science and research -> Young scientists and postdoctoral students-2*.

Application documents are submitted to the Dean's Office of the Faculty of Public Health **from 05.09.2022 to 15.09.2022** inclusive. The cover letter must be addressed to the Dean of the Faculty of Public Health. The set of documents must be submitted in an A4 envelope.
