

**MEDICAL UNIVERSITY – PLOVDIV
FACULTY OF MEDICINE
SECOND DEPARTMENT OF INTERNAL DISEASES
SECTION OF OCCUPATIONAL DISEASES AND
TOXICOLOGY**

MESSAGE

**for students 5th year, specialty „Medicine“
Faculty of Medicine**

Those who wish to study “Clinical Allergology” as an elective discipline during the winter semester (IX) of academic 2022/2023 year have to submit applications to the experts in Student Service Department until 16.09.2022.

The education will be conducted in Department of Occupational Diseases with Clinical Allergology activity.

After submitting applications, the students must introduce themselves to the university teachers for reconciling and clarifying the schedule for conducting the lectures and practices.
