THEMES IN PRACTICAL PREPARATION IN NEUROLOGY

Master Programme - Medicine

Summer Semester

1. Meningites. Diagnosis. Differential diagnosis. Treatment
2. Colloquium General neurology
3. Peripheral nervous system disorders. Mononeuropathies.
4. Polyneurites. Polyradiculoneurites. Herpes zoster. Tabes dorsalis
5. Encephalomyelites – 1st part. Diagnosis. Differential diagnosis Treatment
6. Encephalopathies – 2nd part.. Diagnosis. Differential diagnosis Treatment
7. Haemorrhagic stroke. Diagnosis. Differential diagnosis Rehabilitation
8. Subarachnoid haemorrhage. Diagnosis. Differential diagnosis. Treatment.
9. Ischaemic stroke. Diagnosis. Differential diagnosis Treatment. Rehabilitation
10. Degenerative diseases. Myasthenia gravis. Parkinson's disease. ALS.
Distrophinopathies. Diagnosis. Treatment
11. Epilepsy. Status epilepticus. Diagnosis. Differential diagnosis. Modern treatment
12. Neurological syndromes of some internal diseases – funicular myelosis, collagenoses, polymyosites, SLE, etc.
13. Headache. Neuroses
14. Brain tumors. Spinal cord tumors. Diagnosis. Treatment
15. Traumatic injuries of the nervous system
